

CEO Dashboard — Collections Recovery

Verdict: Feb→Mar gross recovery rose 11.1%, but recovery per targeted account rose only 1.2%. Do not use 11% as the operating KPI.

Recommendation: Better borrower targeting. Base planning case: 5% relative uplift → ■10.88 Cr incremental recovery over 12 months, 9% ROI after ■10 Cr, break-even 11.0 months. Validate with randomized treatment.
